**Анотація.** Ця стаття досліджує взаємодію між основними політичними партіями України після «Євромайдану» 2013-2014 років та нерегулярними збройними групами (НЗГ), що з'явилися у період весни-осені 2014 року. Незабаром після створення основних НЗГ українська держава почала кооптувати та інтегрувати їх, або перетворювати на регулярні військові підрозділи, що підпорядковувалися Міністерству оборони або Міністерству внутрішніх справ. Однак історія українського — від початку іррегулярного чи напіврегулярного — збройного добровольчого руху не закінчилася з його майже повною інкорпорацією до складу регулярних українських збройних сил. Чимало лідерів, що визначали обличчя парамілітарних підрозділів, зберегли контакти з політичними та іншими структурами, що свого часу допомогли сформувати НВГ, і змогли просунутися в рамках цих структур.

**Ключові слова:** нерегулярна армія, добровольчі підрозділи, армія та політика, українська політика, Донбас
